

Not Your Parent's TPRM:

Best Practices for Taking Your Risk Program into the Future

September 27, 2023

Agenda

An Evolution of TPRM

A Dynamic Risk Environment

Driving Changes in TPRM

Objectives and Outcomes

An Evolution of TPRM

Where have we been, what have we accomplished?

- Born out of necessity
- Regulatory drivers
- Program alignment
- Integrations with an evolving market

A Dynamic Risk Environment

Who could have predicted this?

- A combination of quickly moving risks
- No company is an island
- Arbitrary swim lanes, misaligned programs
- Urgency to get it right

Driving Changes in TPRM

Driving Changes in TPRM

Taking your risk program into the future

- An increasingly diverse discipline
- Interdependencies and resiliency strategies
- Strategic positioning within the organization
- New technologies, new expectations

Objectives and Outcomes

Not your parent's TPRM

- Accomplishments for the business
- Measurable impact and market growth
- Best practices and long-term value
